

Errol Broome's REVIEW Good Reads

'Not Just a Piece of Cake; Being an Author'

Workload Involved

" This is much more than a memoir. The intriguing title hints that it is also about a famous Hippo, and it comes with useful advice, from experience, to aspiring authors, i.e. take note of the workload involved in being an author. Hazel Edwards tells her story with humour and her own inventive knack with words. She mixes aspects of her life in writing with being an advocate for and supporter of children's literature and her adventures with child readers all over the world.

Recommended to both readers and writers.
